

New Home Construction Program

Michigan Home Energy Rating System (HERS) Raters Contact Directory

To participate in the program, the builder must reach out to a rater to establish a contract, provide home plans, and inform the rater that the site is ready for inspection. HERS rater services encompass a rough inspection and a final inspection, which includes diagnostic blower door and duct testing.

| Rating Company | Rater Name | Rater Phone | Rater Email | Residential Service Territory (Michigan) | ENERGY STAR® Certified |
