Applications must be received by Dec. 31, 2023, to qualify for incentive levels advertised on this rebate chart. Incentives are subject to change and are available on a first-come, first-served basis. The existence of the program and all program details, incentive levels, and terms and conditions are subject to change or cancellation without prior notice at Consumers Energy's sole discretion. Before investing in energy efficiency improvements, please confirm the availability of rebate funds through a local participating contractor in the Consumers Energy Home Performance with ENERGY STAR (HPwES) program or by contacting the program at 866-234-0445 or ConsumersEnergy.com/homeperformance. Eligible Consumers Energy customers can reserve rebate funds after they have received a full diagnostic HPwES assessment. Customers are only eligible for the incentive associated with their service.

To qualify for rebates in this program, use of a Consumers Energy HPwES participating contractor is required to perform the Comprehensive Home Assessment pre- and post-inspections. The participating contractor performing the post-inspection will be responsible for submitting the rebate application on behalf of the customer.

Customers should review the HPwES terms and conditions with their participating contractor prior to program participation.

**ELIGIBILITY:** This offer is valid for Consumers Energy residential natural gas and/or electric customers applying only through the Consumers Energy HPwES program. Participants must be Consumers Energy electric customers who have either electric heat or central air conditioning, or natural gas customers with central gas furnaces or gas boilers. Participant homeowners must use a Consumers Energy Trade Ally contractor who is an active participating contractor in the Consumers Energy HPwES program. Visit ConsumersEnergy.com/homeperformance for a list of active contractors. Single-family dwellings, including condominiums and townhouses, must be individually owned and metered for natural gas and/or electricity. This offer is not valid for new additions, garages, enclosed porches, new construction homes, multiple rental units managed or owned by a third party, mobile homes or commercial properties or otherwise approved by Consumers Energy. For other programs and eligible incentives, please visit ConsumersEnergy.com/myhome.
