

CONSUMERS ENERGY HVAC PROGRAM

END-OF-YEAR \$75 CONTRACTOR BONUS INCENTIVE

Consumers Energy is pleased to announce a year-end contractor bonus program, designed to reward participating contractors for 2022 application submissions and great effort towards another successful program year.

Eligibility and qualifications:

For every Consumers Energy rebate application that is paid to one of your customers for a **qualified furnace**, you will receive a **\$75 contractor bonus** incentive payment from Consumers Energy.

Applications must be submitted through the online intake tool between December 1 and December 31 by 5:00 p.m. EST to be eligible.

Applications must include a qualified furnace as one of the installed measures and must be *approved* to qualify for the \$75 contractor bonus.

Use this bonus to reward your sales team or help customers decide to install before the close of the year (or keep it for a thanks for a great program year).

Bonus fulfillment:

Checks will be issued to you at the same time the homeowner rebate check is issued. The contractor bonus will be mailed directly to the address we have on record for your company.

Thank you for your continued efforts to help make the HVAC Program a success. Please contact our Account Advocate Team with questions about the \$75 bonus incentive or the program.
