

TUNE-UP STICKERS NOW AVAILABLE FOR ORDER

Consumers Energy residential customers are eligible for a comprehensive tune-up rebate for each qualifying heating unit every **2 years**, and each qualifying central air conditioner unit every **5 years**.

To remind customers when they are eligible for a comprehensive tune-up rebate, we have created [heating and cooling tune-up stickers](#). These stickers are intended to be used after the comprehensive tune-up of a customer's heating or cooling equipment. The participating contractor can add their logo and write-in company's phone number before placing on the equipment.

The stickers will serve as a reminder when the customer is due for their next comprehensive tune-up rebate and to contact their contractor to schedule a future appointment. These stickers should also help avoid contractors submitting any comprehensive tune-up rebates that do not qualify.

If you are interested in placing an order for our tune-up stickers, please reach out to an Account Manager with your company's name, address, and quantity for the number of stickers requested. Maximum 100 stickers per participating contractor.
