

CONSUMERS ENERGY HPwES PROGRAM 2021-2022 TRANSITION UPDATES

Thank you for your continued support of the Home Performance with ENERGY STAR® (HPwES) Program. Due to strong participation and success of the HPwES Program, we will reach energy savings targets ahead of schedule. To set us up for success next year, the HPwES Program team will temporarily close the program near the end of November and begin its transition to the 2022 program year.

A friendly reminder to please submit all 2021 outstanding applications as soon as possible. The program will continue to accept application submission through the remainder of the year, however any submissions after **Nov. 15, 2021** will experience delayed rebate checks until early January 2022.

2022 Program Year: Any applications submitted on or after Jan. 1, 2022, will follow the new 2022 rebate structure. Stay tuned for 2022 rebate information.

Please reach out to our Account Advocate Team with any questions.

Thank you,
Account Advocate Support Team
