LAUNCH OF HPWES CONTRACTOR CO-OP ADVERTISING PROGRAM

The Consumers Energy Home Performance with ENERGY STAR® (HPwES) program is pleased to announce in 2019, the Co-Op Advertising Program. Through this program, participating contractors are eligible for co-operative advertising funding to assist in promoting the HPwES program.

What advertisements are eligible under this program? Matching funds are available to advertise rebates available through the Consumers Energy HPwES program. Contractors will be able to reserve advertising funds for digital banner advertisements, print advertisements, direct mail postcard mailings and community events. Contractors must use the co-branded advertisements to be eligible for funding (see [Co-Op Advertising Program Guidelines and Elements](#)).

How much funding can my company receive? Contractors will be able to reserve up to \$4,000 in matching advertising funds for qualifying advertising buys, up to 50 percent of the total cost of their buy.

When can I advertise to be eligible? Funding is available for advertisements taking place between Mar. 1 and Oct. 31, 2019.

What does my company need to do to get started? Please review the Guidelines and Elements. Your company will need to submit a Funds Reservation Request Form to the program by Aug. 1, 2019.

Please see the [Co-Op Advertising Program Guidelines and Elements](#) for further information and eligibility requirements.

Thank you for your continued support of the Consumers Energy HPwES program! Please contact the Account Advocate Team for extra support.
