

## NEW HOME CONSTRUCTION PROGRAMS ANNOUNCE TECHNICAL BULLETIN SUBSCRIPTION

As a Program Participant, you will start receiving technical and program-related bulletins. You can expect to receive these on a monthly basis.

Bulletin topics may include, but are not limited to:

- Air sealing checklists
- Duct quality installation
- Insulation grading
- Blower door testing under unique weather conditions
- Construction safety
- How to lower your HERS score
- Code compliance
- ENERGY STAR V 3.1
- Application submission tips (HERS Raters only)

Let us know if you have a request for a specific topic, and we will look to incorporate it in a future technical bulletin.

Contact us if you have an employee that you would like to be added to the subscription. Opt-out requests are also accepted.

Additionally, technical bulletins and free courses will be available on the [DTE](#) and [Consumers Energy](#) Energy Efficiency Learning Center (EELC). You will receive login credentials for access.

Thank you for your continued support of the DTE and Consumers Energy New Home Construction Programs. If you have any questions, please contact your Program Manager:
